

HIGHLY EFFECTIVE RESEARCH PROGRAM: IMPACT AND FUTURE

Dr Gayle Morris

**Research Services Office, Flinders University
Bedford Park, SA 5042**

Where to from here?

- > As of 2011, doubling the commitment to each IRU university ie. 2½ days pa to 5 days pa.
- > negotiable research development program for each University

Major additions to the program:

- extending to ECRs including post-docs
- focus on productivity, is very positive
- follow-up on workshops to increase outcomes, as evidence by FUSA training experience

Program strengths

- > flexibility in tailoring training and development packages to align with university needs
 - eg. project management training or
“Congratulations! You got a grant. Now what?”
- > can provide the core elements to a university’s ECR and RHD training program
- > remote support: a combination of 1 or 2 face to face sessions will be delivered with follow-up via email or Skype
